

GARDEN PARTIES

Garden Parties are an incredible opportunity to foster and create connections between individuals and the communities they live in. One could find a Garden Party group hanging out together doing a service project, having a crafting night, going to a movie, grabbing a drink during happy hour, or any other fun social activity. Sometimes the programs are held at the Blossom location, however, as much as possible, events are in the community.

This program can be billed through IRIS or check/online payments. \$21 per hour. IRIS code billing is T2021 UA Day Services-Community Based.

Scan this code for program dates, to learn more about if this would be a good fit for you, and to sign up!
